## INSTRUMENTATION PIPING SOLUTIONS

### TYLOK

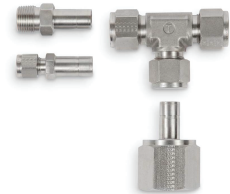

#### 3 Piece Ball Valve

3 Piece Ball Valves have a swing out-design for in-line repair.

#### CBC/CS – Lok Tube Fittings

CBC-Lok® Tube Fittings are fully interchangeable with Swagelok® and Parker A-Lok.®

#### Tube Adapters

Tube adapters are designed for use with standard fittings to provide quick leak-tight connections in vacuum or pressure systems.

### INSTALLOY

#### Stainless Tubing

- Seamless
- Welded
- High Pressure
- Available in 304L, 316L and exotic alloys
- Cutters, benders, flaring & deburring tools

#### Specialties:

Industrial Distribution, Distribution, Tubing, Stainless Steel, Instrumentation Tubing, Hydraulic Tubing, Super duplex, specialty stainless, Alloys, Tube Fittings, Instrumentation Pipe, Instrumentation, and Valves.

### WINTERS

#### DIGITAL PRESSURE GAUGE

Ideal for commercial and industrial application in both test measurement and general purpose installations.

#### PRESSURE TRANSMITTER

Best utilized in conjunction with viscous fluids or media which may clog a standard process connection, e.g. chemical & process engineering, food industry and pulp & paper.
